

Waves 2: Storm Surge

Date

1988

Primary Maker

Michael James

Materials

Cotton and silk

Description

The quilt has an abstract geometric pattern of waves created by strips of fabric in gradating shades that create an optical effect. The cloth pieces line up very precisely in the undulating patterns. Fabric strips show subtle shading and changes in blue, red, and yellow. The wave pattern breaks outside the overall square shape of the quilt.

Dimensions

91 x 104 in. (231.1 x 264.2 cm)
